

## MISS CRONK HURT IN AUTO. MISHAP

### Young Lady Receives Dislocated Hip When Car Goes Down Embankment

Last Saturday night while a party of young people was returning from Lake George in an automobile, driven by Gordon Morgan, the car became unmanageable and leaving the road slid down a small embankment, turning on its side at the bottom. Miss Cora Cronk, one of the party, was caught under the car, sustaining a dislocated hip and was slightly bruised about the body. Her injuries while painful are not serious.

Gordon Morgan, driver, was also a trifle hurt, but he has fully recovered.

The accident occurred at a point on the road two miles south of this city near the Pelican River Lumber company's mill. The trouble was due entirely to the mechanism of the steering gear failing to work. The auto was traveling at a slow speed at the time and it is probably due to this fact that the mishap did not result more seriously. Miss Cronk was removed to her home in this city as soon as assistance could be telephoned for. Her injuries were attended to by Dr. Richards. At last accounts she is resting easily.

### HUNTING SEASON OPENS

#### Rhinelander Nimrods Should Read The Game Law

The hunting season opens September 1st and it is well for Rhinelander nimrods to observe the following laws regarding the killing of game animals and birds in Wisconsin. Martin Berg, deputy game warden for this section, says that the wardens will be unusually active through this part of the state and violators will be severely dealt with.

The open season for deer is November 10 to 30; rabbit October 10 to February 1; muskrat November 15 to March 16; duck of all varieties (including coot or mud hen) September 1 to January 1. The tag limits are: wild duck or mud hen, 15; wild geese, or brant, 10; grouse, prairie chicken or woodcock, 5; partridge, 10; mixed bag of game birds, 20. It is unlawful to shoot aquatic fowl one half hour after sunset.

Non-residents must pay \$10 to hunt small game (fowl or birds), and \$25 for deer. Male non-residents over sixteen are required to take out a license to fish with hook and line in inland waters during the open season. The fee is \$1.

Game birds cannot be transported unless accompanied by the owner and cannot be transported out of the state.

#### POSTPONE DANCE

Owing to the production of the "Cow and the Moon" at the Opera House tonight, the regular weekly dance by the Military orchestra at Gilligan's hall was postponed until Friday night. Those who are in quest of a good time should not fail to attend this party. Tickets 50c per couple.

#### NOTICE TO PARENTS

Monday, Sept. 4, being Labor Day, the schools will be closed, but all pupils in the grades and High school must report for registration Monday morning. Failure to do so will be counted as absence. Parents will please phone Mr. Harrison if their children are for any reason unable to report at that time.

President School Board.

REPAIRING CHURCH STEEPLE  
S. G. Perinier is repairing the damage caused by lightning on the steeple of St. Mary's church. The loss is estimated at about \$500.

### LABOR DAY CELEBRATION

#### Big Time To Be Had Here By Unions Next Monday

Labor Day, Monday September 4, will be observed in Rhinelander with one of the largest and most brilliant celebrations in the history of the city. The labor unions have the celebration in charge and are planning many features which will prove enjoyable to all. There will be a monster street procession in the forenoon, a picnic and amusements at Keenan's park and in the evening a grand ball will be held at the Armory.

Following is the committee on arrangements:

Chas. J. Kepp, B. M. & P. I. v No. 24, chairman. Lynn Thompson, U. B. of C. & J. of A. No. 634. Louis Danner, A. F. of M. No. 538. Henry Russell, B. I. L. of U. No. 64. Wm. Olson, I. B. of P. M. ### 1300 MILES TO SEE SWEETHEART

#### Joe Sucheski Walks From Here To New Hampshire And Is Arrested

Sheriff Chas. Crook departed Saturday night for Meredith, N. H., carrying a warrant for the arrest of Joseph Sucheski, aged 28 years, who is wanted in this city for the theft of \$200 in money and jewelry from his former landlord, Frank Zinda, proprietor of the Central House at 114 Thayer Street.

Learning that Sucheski had a sweetheart at Meredith, and thinking that he would probably go to that city, the Oneida county officers notified the police there to be on the lookout for him.

According to press dispatches when arrested the young man informed the officers

that he had walked all the way from Rhinelander to Meredith, a distance of 1300 miles, to see his sweetheart only to find that she had been married. He denied having committed the theft and said that he would waive examination.

"Do you think that I would have walked from Rhinelander and begged for food from farm houses along the route if I had got that money?" he asked.

When searched, the papers stated that Sucheski had not a cent in his possession. The young woman whom he claimed was his sweetheart when seen denied that she had known he was in Meredith and begged of the police that her husband should not be told of the visit.

#### ANTIGO SUNDAY

The base ball teams of Antigo and Rhinelander will clash in two big games in this city next Sunday and Monday, September 3 and 4.

These two contests promise to be the most exciting games played here this season. Antigo defeated Rhinelander at Antigo last Sunday by a small score. Each team has strengthened up for these games and the battles will no doubt be hard fought ones.

Batteries: Antigo, Nelson, Davis and Williams.

Rhinelander, Rooney, Hutchinson, Deakin and Post.

Both games should be well attended. Monday is Labor Day and all working people will be at liberty.

Admission 25 cents and children 10 cents.

#### C. D. BRONSON ILL

C. D. Bronson's many friends will be sorry to learn that he is seriously ill at his home on Pelham street. Dr. Dodd of Ashland was called on his case Tuesday. The patient's condition has been such as to cause much alarm and his son, C. C. Bronson of Seattle, Wash., has been notified.

### City Schools Will Open Next Tuesday Morning

#### Teachers and Pupils Are Ready For Year's Work—List of Teachers and Grades

The public schools open next week with a well equipped corps of teachers. Many of the old teachers return, and the Board of Education has used great care in selecting the new ones to fill vacancies. In the grades nearly all of the teachers are full course normal graduates, and care has been taken to select the high school teachers from the best colleges and universities.

More equipment has been added to the manual training and domestic science departments, so that the work may prove even more satisfactory than last year. These courses are now well organized and fully meet with the requirements of the state department of inspection. The work will be offered in the sixth, seventh and eighth grades and in the first two years of high school. Pupils who apply themselves will be able to get good training in wood working, joinery, lathe work, sewing, darning, patching and cooking.

Miss Myra Bucklin will now have entire charge of the commercial department in the high school and teach commercial arithmetic, penmanship, spelling, book-keeping, type-writing, shorthand. Commercial courses in high school are proving more and more popular, and it is a well established fact that well equipped high school graduates from commercial courses are preferred by employers. Parents interested in this work should visit the school classes and determine for themselves the quality of the work.

Parents are urged to look over the different branches offered in the various high school courses, and consider well with their children the advisability of the subjects to be chosen for their study. Superintendent Harrison can easily be found at the High school building, and will be very glad to explain the subjects offered and make suggestions to parents about what may be best to be done.

It is hoped that all children will be in their places the first day, and that parents will use diligence in seeing that they are regular and punctual in their attendance during the year. There are more failures in school work due to irregularity in attendance than to any other cause. The next greatest cause for failure comes from lack of good sound sleep so that pupils do not start off fresh and bright each morning. Late hours at night have made more dunces in school than is generally supposed.

Parents should visit the schools as often as possible and watch the progress of the pupils in whom they are interested. It is an inspiration to pupils and teachers to have visitors present. In case pupils do not do well, a conference with the teacher and superintendent is always advisable.

The assignments of teachers to the various grades are as given below.

#### HIGH SCHOOL TEACHERS

F. A. Harrison, Principal and Superintendent.

### RECITAL PLEASES

Mrs. Hampton's Pupils Render A Fine Musical Program.

The recital given by advanced pupils of Mrs. Jessie Langdon-Hampton was a decided success. The program was of unusual merit and well rendered. The selections of Loretta Stoddard displayed skill and interpretation beyond her years. The trio, "Poet and Peasant" by Loretta Stoddard, Gertrude Shepard and Dorothy Dimick was a number much enjoyed by the audience. Mr. Reik delighted the audience with "Fantasia" by De Beriot.

The city is to be congratulated in having an artist of his ability. Every number was well received and showed careful preparation. Much credit is due Mrs. Hampton in presenting a program of skill and merit before the public.

### SOON TO START WORK ON DEPOT

#### Assurance Is Given That Soo Line Will Erect New Station House Here

Advice received this morning by Agent R. F. Tompkins of the Soo Line from the head offices of the company at Minneapolis are to the effect that the Soo will commence work at once upon the erection of a new passenger depot in this city. The building will be located on the company's grounds on the west side of the Wisconsin river across the Davenport street bridge.

The location is one which the company has been considering for some time as the site for the new depot and it has been generally conceded by the majority of Rhinelander people that the building would be placed there. It is not known what the cost of the building will be, but it is safe to predict that the structure will be an elegant one and prove one of the show places of the city.

The assurance that the new depot is soon to be realized is welcome news received by every citizen of Rhinelander.

#### MAYOR ISSUES PROCLAMATION

Mayor Fred Anderle has issued the following proclamation for Labor Day:

"With the purpose of promoting the general welfare of the community by the encouragement of friendly relations between all classes of citizens and of impressing upon all the importance and consideration due labor, I, Fred Anderle, Mayor of Rhinelander recommend that Labor Day, Monday, September 4, be fittingly observed in this city. I recommend that all establishments of industry within the city be closed upon that day and that in every way possible employers cooperate with employees in worthy recognition and becoming observation of labor's holiday."

#### UNDERGOES OPERATION

Miss Marie Eby, daughter of C. Eby, of this city, was operated on Friday for appendicitis at the Presbyterian Hospital, Chicago, Ill. The operation was performed by one of Chicago's greatest specialists, Dr. Lewis, and was a complete success. Miss Eby is a trained nurse at the above hospital.

#### SOME FALL WEATHER

There was a slight frost over this part of the country Monday night but farmers report only small damage to growing vegetation. The weather for the last week has been of the fall order and overcoats in the evenings are not uncomfortable.

#### LIGHTS FOR WOODRUFF

It is probable that the new electric lighting plant at Minocqua will also furnish illumination for the village of Woodruff. The Woodruff people appear in favor of extending the system there.

### ANTIGO DEFEATS "SCRUB" TEAM

Score Is 6 to 1 In Contest At Railroad City Sunday Afternoon

A team composed of several of the regular city nine and picked players met defeat at Antigo Sunday before a large crowd by a score of 6 to 1.

The game throughout was filled with spectacular plays and was exciting from start to finish.

Nelson was on the mound for Antigo and pitched fine ball, allowing the locals 5 hits and struck out 9 men. Deakin was not quite up to snuff and allowed 5 hits and passed the unlucky number of 12 men to first base.

Antigo scored in the first, Rhinelander tying the score in the third, but the opponents scored 3 in the fourth and, in the sixth had enough runs to store away most any game.

The local boys say that with a fair umpire they would have scored even more runs but his "umps" was loyal to his home town.

Antigo comes here Sunday and Monday with their band and a great number of rooters. Rooney, the eccentric south paw, will do the twirling for the locals on Sunday and Hutchinson will do the heavy work on Monday. Don't fail to see these games and cheer the home team to victory.

#### BROKERAGE HOUSE

H. P. Hosmer has formed connections with several large well known eastern and southern producers of food supplies and staples whom he will represent as broker and manufacturer's agent in northern Wisconsin and upper Michigan. Selling direct to wholesalers and jobbers.

His office will be located here unless he finds Oshkosh or Green Bay more suitable points for the territory.

#### FOR CARL KRUEGER

Big Four Entertains In Honor Of Its Esteemed Member

In honor of Carl Krueger the members of the Big Four Club held one of their pleasant gatherings at the K. of P. hall last Thursday evening. The time was enjoyed spent in singing, story telling, and feasting. G. L. Forsyth acted as master of ceremonies.

One of the attractions of the evening was a fencing bout between Dr. J. T. Elliott and W. C. Liebenstein. This was very amusing and kept the spectators in an uproar.

In appreciation of Mr. Krueger's good fellowship and the interest which he has always taken in the Big Four, he was presented with a gold K. of P. scarf pin and cuff links.

#### ARRIVE FROM PANAMA

Mr. and Mrs. Geo. Whitney arrived in the city Tuesday night from the Isthmus of Panama and will remain two weeks visiting at the home of their parents, Mr. and Mrs. J. G. Dunn, and with Mr. and Mrs. W. V. Reed.

For some years Mr. Whitney has been employed as locomotive engineer on the government railway on the isthmus. He and his wife spend a few weeks each summer in Wisconsin and before coming here on this trip visited at Peshtigo and Green Bay.

#### HOME FROM EUROPE

H. E. Keppler and children and Chas. Pauls returned to the city Saturday from their trip to Europe. The party had a most delightful time visiting among relatives and friends in Germany.

#### ACCIDENT IN PAPER MILL

One of the big machines at the paper mill was forced to suspend operations for a short time Monday owing to a break down to part of the machinery. The damage was small.

**Superior.**—Secretary L. A. Nichols of the board of education has found such discrepancies between the school census which was taken this year and that of last year that he will probably order the enumerators to do the work again. Last year the final report showed that there were 9,762 persons of school age in Superior. The 1911 census accounts for only 9,481 persons of school age, a decrease of 714.

Harry MacLean of McMillan was robbed of \$74 on the show grounds at the wild west show at Marshfield. Mr. MacLean went out to the show grounds early in the evening and took in several of the side shows, leaving before the completion of the performance in the main tent. When buying his ticket he exhibited a roll of bills in the presence of a number of negroes who were attached to the show. While leaving the grounds he was accosted by a large negro woman who seized him and demanded his money. During the struggle his purse was taken from his pocket and his assailant suddenly disappeared.

### LOSS OF TIME MEANS LOSS OF PAY

Kidney trouble and the like breeds means lost time and lost pay to many a working man. W. B. Balent 1214 Little Peoria St., Streator, Ill. was so bad from kidney and bladder trouble that he could not work, but he says: "I took Foley Kidney Pills for only a short time and got entirely well and was soon able to go back to work, and am feeling well and healthier than before." Foley Kidney Pills are tonic in action quick in results—a good friend to the working man or woman who suffers from kidneyills.

### "AT SUNRISE"

The coming attraction will be Lyall & Warner's sensational scenic production, "At Sunrise." This play, although a melodrama, is one of the better kind, and minus the "bucket of blood." The story of the play is one of intense human interest, a story that appeals to every heart. The comedy is of that bright, happy kind that makes one forget their troubles, and the scenery is the finest ever carried with an organization of this kind. "At Sunrise" will beat the Opera House or next Monday night. Don't miss it.

### RAID ANOTHER RESORT

A house of ill repute near Wabeno was raided by the officers a few nights ago and the proprietor and three girl inmates were placed under arrest. All were fined.

Since the clearing out by the officials of the two resorts near Rhinelander and the recent Italian trouble there has been a tendency on the part of the officers of the northern counties to check vice wherever found. People of questionable characters are finding it difficult to live unmolested in this section.

### LOW COLONIST FARES TO PACIFIC COAST

September 15th to October 15th: incldt. Colonist one way second class tickets will be sold to principal points in California, Oregon, Washington and British Columbia via Chicago, Union Pacific and Northwestern Line. Tickets available on daily and personally conducted tour in Pullman Tourist Sleeping Cars. For full information write S. A. Hutchinson, Manager Tours Department, 148 S. Clark St., Chicago, Ill., or address nearest Ticket Agent, Chicago and North Western Ry.

## WOMAN'S DAY AT FAIR

### An Elaborate Program Is Being Planned

Every Wisconsin woman engaged or interested in the advancement of every phase of woman's work, should be interested in the fact that one day during the State Fair will be given over entirely to the gentle sex to advance their practical needs and theoretical whims. The club woman, the suffragist and the suffragette, the factory and store girl, the traveller and the woman of the fireside will be represented by leaders among them.

A spirited contest is being waged for leadership among the various organizations and many prominent women of Wisconsin have been suggested to direct the exercises and carry out the aims of the board.

Should the woman selected to manage the day's doings be able to organize a program that will require a separate building or tent, the Board of Agriculture will provide it.

It will be a great day. Man may listen but he will not be heard. He will just be mere man on Woman's day.

### NOTICE OF DRAWING PETIT JURY

Notice is hereby given that on the eighth day of September, 1911, at 10 o'clock in the forenoon of that day, at my office in the courthouse in the city of Rhinelander, Oneida County, Wisconsin, I shall, pursuant to law, proceed to draw the names of thirty-six (36) persons to serve as Petit Jurors at the next General Term of the Circuit Court for Oneida County, commencing on the Fourth Monday in September, town, on September 25th, 1911.

Dated Rhinelander, Wis., August 23rd, 1911.

### POLITENESS OVERWORKED

A man there is whose fortune lies in saying, "I apologize!" He feels with all the world at ease when he exclaims, "Excuse me, please."

His manner mild and confident bids every angry mood relent, and all your harsh resentments fit.

As you reply, "Don't mention it."

And so his will-way he goes, He steps upon your tenderest toes;

He elbows you and hurts your pride As patiently you stand aside.

And let him grab the dairy lunch Or battle thru the base ball bunch That sought the front seat at the game.

Which now serenely he will claim, He's here, he's there, he's every where;

And yet, to chide him who would dare?

He has a saving grace immense Of mingled'erve and innocence That lets him bully us at ease; If he but says, "Excuse me, please."

—Exchange.

### HAY FEVER, ASTHMA AND SUMMER COLDS

Must be relieved quickly and Foley's Honey and Tar Compound will do it. E. M. Stewart, 1034 Wolfram St., Chicago writes: "I have been greatly troubled during the hot summer months with Hay Fever and find that by using Foley's Honey and Tar Compound I get great relief." Many others who suffer similarly will be glad to benefit by Mr. Stewart's experience.

J. J. Reardon.

### LABOR SUNDAY

Labor Sunday, Sept. 3, will be observed at St. Augustine's church next Sunday. The various Labor Organizations have accepted an invitation to attend the service at 7:30 in the evening. This service is held in response to a suggestion from the American Federation of Labor. The National Labor Organization of the Episcopal church has also requested through its officers, who are leading men in the church, that all churches throughout the country adopt this suggestion of the Federation of Labor, and keep Labor Sunday. It is hoped that Labor Sunday may become a customary observance in Rhinelander, being kept by the various churches in turn.

### NOTICE FOR BIDS

Rhinelander, Aug. 16, '11. Bids for the building of a root house at the Oneida County Poor Farm will be received by the undersigned on or before Saturday, September 2. Plans and specifications can be seen at Markham & Parker's store. The committee reserves right to reject any or all bids.

President Taft has violated the last republican national platform which he declared in his campaign he would uphold. He should never again be considered for a minute, as the candidate of the progressive republicans for president.

Senator Moses E. Clapp is bold in the statement that President Taft's veto of the cotton bill, the wool bill and the free farmers bill puts him out of the class of progressive republicans. Mr. Clapp's opinion is that of every thinking progressive.

Why are the attorneys as a rule so certain that the recall of judges is wrong? Is their honor so superior to that of other professions that they should be in a class by themselves? We fail to see why judges should not be recalled. If other officers may be.

**COMMISSION GOVERNMENT**

Prof. MacGregor of the University of Wisconsin opens his book "Commission Form of Government" with the following quotation. "Governmental power should be concentrated in the hands of a very few men, who would be so conspicuous that no citizen could help knowing all about them and the elections should not coincide frequently."—Theodore Roosevelt.

Mr. MacGregor shows that every effort has been made to get statistics on the Commission Form. The author says City Government touches the citizen at more points, and is of more vital importance to his interests—business and personal—than any other government with which he comes in contact. It collects more taxes from him and expends more money and still the average man gives it the least attention of all his political affiliations. Is this right? Think over the question and decide.

**THE RECALL OF THE JUDICIARY**

President Taft vetoes the bill granting statehood to Arizona because of the provision therein for the recall of judges by a certain percentage of the people. The reasons given in his veto message should open the eyes of every citizen to the fact that our present executive is not as Progressive as many thought and proves conclusively that he is hand in glove with the interests and working solely for their benefit.

President Taft is greatly alarmed that the rights of the minority may not be preserved. He is afraid of the rule of the majority as regards

Judges but is not afraid of its use as regards every other office.

The proposition that Judges are some superior beings purely due to their official position is ludicrous to the average mind. If a lawyer is in Congress working for the benefit of special interests and openly allied with them and is appointed to a position of Judge of a United States Court through the recommendation of his Senators, is it reasonable to say that he will change his ideas regarding great public questions? Does the leopard change his spots when in a different environment? According to the President's idea this lawyer while a Congressman might properly be the subject of the Recall but as soon as he became a Judge, he becomes of so much purer clay that the Recall should not be allowed to affect him. The President claims that the Recall is a "menace to the good Judge," and as Senator Clapp remarked, "Shall we, therefore, repeal the laws against the because they are a menace to the good citizen?"

The President lays considerable stress upon the constitution being construed by Judges free from the influence of the people. A study of the decisions of our U. S. Supreme Court from its early days will convince anyone with an open mind that a little interference of the great weight of public opinion would be of considerable benefit to the public. We find numerous cases of the change of opinion caused by a change in the political complexity of the court, cases where the Court reverses itself on some great question, due to the addition of a Republican or a Democrat to succeed one of the opposite party. And yet the President says, "They must decide every question that comes before them according to law and justice." Will President Taft kindly inform the man on the fence where the law and justice regarding the Sherman law has so changed as to warrant a reversal of the former opinion of the Supreme Court regarding this statute. The Standard Oil decision of recent date reads into the law the word "unreasonable" where a former decision of the same Court, refuses to read any such thing into the law. This change is made simply by a change in the personnel of the Court and is another added reason for the application of the Recall to the Judiciary.

President Taft entirely ignores the proposition that the people of Arizona are the best judges of what they desire in their constitution and that what the majority of the citizens thereof desire, that they should be allowed to have, provided it does not violate any of the provisions of the U. S. Constitution.

In this connection allow us to prophecy that it will not be many years before many of the states in this Union will have the recall and take our word for it. It will include judges as well as other officers who are and should be servants of the people and not masters. And all the power of corporation serving legislators and the tremendous power of the Chief Executive of the nation himself, will not avail to stop the onward march of the people to secure the rights to which they are entitled.

**EVERYONE WANTS TO TRAVEL**

Various Motives That Actuate Different People to Roam About the Wide World.

Travel is a popular mania which impels the victim to seek the solace of crowds, fams, ruins, smells, masterpieces, gladiators and donkey boys in preference to home, creditors or conscience.

Travel is a universal failing. The overworked go to put in nineteen hours a day catching trains and climbing Matterhorns; the gouty to sample the cobwebbed vintages of the leading spas; the blasé to make Monte Carlo without doing the Casino and Venice without seeing the lions. The suddenly rich travel in order to be miserable under strange conditions. The New England schoolma'am goes abroad to proclaim the superiority of the Singer building over that learning thing at Pisa. The Cornville editor goes to impressimize the first page of the Clarion back home. The self-proclaimed self-made go for the avowed purpose of giving big tips. The "wanted" go to be forgotten, the known to forget—life.

## THREE WEDDINGS OF LAST EVENING

### Cupid Again Gets Busy In This Vicinity and His Arrow Shoots Home

Trotter—Wenzel

Miss Mary Trotter and August Wenzel were married Wednesday evening at the residence of Lewis Kelley on East Anderson street. Rev. John DeJung of the German Lutheran church performed the ceremony. Mr. and Mrs. Wenzel will make their home in the town of Pelican. Both have a large circle of friends in this city and the best of wishes for a long and happy life is extended to them.

McIntyre—Easthagen

A quiet wedding took place at 8 o'clock Wednesday evening at the home of Duke McIntyre when Rev. Grant Clark pronounced Miss Alta McIntyre and Elmer Easthagen man and wife. They were attended by Miss Bernice Porter and Edmund Swanson. The bride was gowned in a pretty dress of white net and the bridesmaid was attired in messaline of an apricot shade. The ring service was used in the presence of a few relatives. The young couple will commence house-keeping on the north side.

Wells—Curtis

Miss Flora M. Wells and Clyde F. Curtis, both of Monico, were united in marriage last evening at the Warren home at Monico. The attendants were Miss Ethel Taylor and Wm. Hughes. Rev. Clemens of this city officiated. About sixty guests were in attendance and the house was beautifully decorated for the occasion. Following the ceremony a sumptuous dinner was served. Friends of the happy pair congratulate them.

GETS SIXTY DAYS

John Wansen pleaded guilty to the charge of theft in Judge Walker's court and was fined \$25 and costs or sixty days in jail. He took the jail sentence. The complaint against Wansen was made by Peter Butcher, who accused the prisoner of robbing him of \$15. Part of the money was recovered.

LOSE INFANT DAUGHTER

The many friends of Mr. and Mrs. Erwin Liebenstein sympathize with them in the death of their infant daughter, Velma, which occurred Wednesday morning. The funeral will be held tomorrow.

HURT HIS HAND

While working at a mill Wednesday morning, Alex Soltk, an employee at the veneer factory, lost the tips of two fingers on his left hand.

TEACHERS NEEDED

## LIBRARY NEWS

Institution is Now Kept Open Evening Hours

Beginning with September 1, the library will again be open two hours every evening.

### LIBRARY HOURS

2 to 6 and 7 to 9 p. m. excepting Sundays and holidays. Saturday mornings—9 to 12.

Quite a number of new books have just been received at the library, and will soon be ready for circulation. In the mean time anyone desiring to look them over may do so. Books now ready are:

Borup—A Tenderfoot with Peary.

It is written by a young Yale athlete who accompanied Peary on his last expedition, and this engaging and boyish account is characterized by humor and extreme frankness. It is illustrated from photographs.

One critic says, "We find in Mr. George Borup's lively narrative more rolling fun and youthful high spirits, together with a most admirable pluck and stout-heartedness than in any previous book of polar exploration it has been our good fortune to read."

Hazen—Clean water and how to get it. Deals with the means now used by American cities to secure clean water, and with the application of these means to new problems.

Although this book was published in 1907, there is no better work on the subject today, and is of special interest to aldermen and other officials who are entrusted with responsibility in water works matters.

Andoux—Marie—Claire. This book received the prize in France for the best French fiction published in 1910.

Bosher—Miss Gibbie Gault.

Bennett—The old wives' tale.

Williamson—Golden Silence. Juvenile.

Altsheler—The forest runners.

Drysdale—The fast mail.

Grey—The young pitcher.

## COMMENCES MONDAY

Business College in New Home in New North Building

The Rhinelander Business College, under the management of W. F. Mersch, will open for the fall term in its new home in rooms on the second floor of the new addition to the New North building next Monday morning, Sept. 4. Mr. Mersch and assistants are now busy putting the school in shape for the opening day and everything will be in readiness for the admission of pupils.

The school's new location is in every way more suitable than were the old quarters, just vacated. The rooms are large, light and airy and convenient for both teachers and pupils. Much new equipment has been installed, including desks, chairs and typewriters.

Mr. Mersch, who will give his entire attention to the conduction of the college, comes to this city highly recommended as an instructor of business methods. He will give personal instruction to all pupils. He expresses himself as elated with the prospects for the school and looks for a satisfactory attendance.

## ELMHURST IN ASHES

Fire There Monday Nearly Wipes Out  
Entire Village

The village of Elmhurst, six miles south of Antigo, was almost wiped out by a fire Monday which destroyed a saw mill, \$100,000 worth of lumber, six stores and fourteen residences. Only two stores and the Northwestern depot were saved.

Passengers on the north bound Northwestern train Monday witnessed the fire while it was at its worst and to them it appeared that there would not be a building left standing in the town. The fire department from Antigo rendered assistance, rushing to the scene on a special train.

### READ THE ADS

A recent issue of the Chicago Tribune contained a full page ad in which most forcible arguments were brought out why the public should pay as much attention to advertisements as to the reading matter. Following are a few sentences from that advertisement:

Ours is the age of time saving. If you were forced to make a personal trip to the grocer every time you wished to order, if you had to visit every dry goods store in the city in order to find what you wanted to buy and where you could buy it at the best price; if you were forced to go in person or send a messenger to scour Chicago whenever you required a new cook or a new stenographer, you would do less in a year than you now accomplish in a month.

Advertising is your time-saver, a personal representative, visiting all the shops in the city, examining their wares, securing the lowest quotations on foodstuffs and household needs, clothes and daily necessities.

Without advertising you would not know one-tenth as much as you do now about styles—or one-tenth as quickly.

You would wait for months until you personally saw these things or heard of them from some one else who saw them.

You would be ignorant of the real merit of the goods you buy.

It saves time for you—saves money for you.

### NEEDFUL KNOWLEDGE

Rhinelander People Should Learn to Detect the Approach of Kidney Disease

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy, Bright's disease, or gravel. Anyone of these warnings is enough to begin treating the kidneys at once. Delay often proves fatal.

You can use no better remedy than Doan's Kidney Pills. Here's Rhinelander proof:

Mrs. J. W. House, 723 Dorr Ave., Rhinelander, Wis., says: "Doan's Kidney Pills have given excellent results in our family, and we consider them a good kidney medicine. They were taken by a person who was suffering from backache and weak kidneys and it was not long before a cure was effected."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doans—and take no other.

## INTERNATIONAL HARVESTER CASE

Facts Regarding Attack of Unsigned and Misleading Townsend Report

During the last month there have been widely circulated certain statements regarding the International Harvester Company, all of which have their origin in a report made more than five years ago by Assistant District Attorney Townsend, after a brief and partial investigation. The International Harvester Company has presented to the Stanley Committee at Washington, a complete and vigorous answer, in which it is pointed out that the arguments and conclusions of the so-called "Townsend Report" are based upon clearly erroneous statements of well-known facts.

The "Townsend Report" claims that a monopoly in harvesting machinery has been created because the International owns the patents on all the best types of knotters.

The truth is that there has been no patent whatever on the essential parts of any type of knoter since 1896, when the Appleby patent expired. Neither are there now any patents upon any essential part of the grain binder. The many basic patents had all expired in 1896, and there have been no substantial patented improvements since 1891—twenty years ago—while the life of a patent, as is well-known, is only seventeen years. That there are no such patents is known to every manufacturer of harvesters and is now emphasized by the fact that other manufacturers, including the Minnesota State Prison, have recently closely imitated the International's models.

The Townsend Report charges that of all of the different types of harvesters purchased by the International, all except three—the "Deering," "McCormick," and "Osborne"—have been abandoned, and that repairs are not furnished for any others. The statement is notoriously and absolutely untrue. Repairs for the "Minne," "Buckeye" and "Key stone," although not manufactured nearly ten years, have always been and are still furnished by the International. Although the Report states that the "Champion," "Piano" and "Milwaukee" binders and mowers have ceased to be manufactured, the truth is that they have been since 1902 continuously manufactured, and are still manufactured by the International and are generally sold throughout the United States. This is well-known to the farmers and dealers of the country.

The Report's charge of a "bindery twine trust" is without any foundation whatsoever. The International is not only in constant and vigorous competition with the Plymouth Cordage Company and a half dozen or more other smaller twine manufacturers, but also with several state penitentiary twine mills.

Since the International was organized, binder twine prices have steadily fallen, and the decrease between 1902 and 1911 amounts to 40 per cent.

The charge that the International has suppressed competition in harvesters is likewise untrue. It has had continuously, and still has, the vigorous competition of the Johnston, Walter A. Wood, Acme, and Adriance-Platt Companies in the binder trade and several others in the mower trade. Recently two large manufacturers have entered the trade, while the Minnesota Prison factory employs free labor and private capital to compete with prison labor and public funds in the manufacture of harvesters and twine.

The Townsend Report repeats the ever-recurring falsehood that binders are sold at a cheaper price abroad than at home. The United States Government's investigation, in 1909, proved that while the American farmer pays approximately \$125.00 for a 6-foot binder, in France this same machine costs \$173.70; in Germany, \$203.00; in Sweden, \$160.00; and in Great Britain, \$135.16.

In spite of the fact that materials had increased in cost more than 10 per cent, and wages more than 15 per cent, the International did not increase its price of binders until three years ago. And then, an increase of only 7 per cent was made. This, however, owing to some reduction in material, had been largely wiped out by an announced reduction of 5 per cent for 1911, although the cost of labor had increased more than 20 per cent.

### A NEAT GROCERY

B. L. Horr Has An Up-To-Date and  
Attractive Store

There is in this city one of the  
neatest and most up-to-date grocery  
stores in the state and a store  
which never fails to draw forth favor-  
able comment from all strangers. It  
is the store of B. L. Horr where can  
be found a system of service and  
arrangement which cannot be excelled  
anywhere.

Here can be purchased anything in  
the grocery line from a can of sc-  
ardines to the costliest and most  
tempting imported delicacies. If you  
desire any one of the latest brands  
in food stuffs you have only to ask  
for Mr. Horr's and your wants  
will be satisfied. Mr. Horr's long  
experience in buying leads him to  
select goods which will please and  
satisfy his customers and his stock  
is always new and fresh.

The artistic and convenient man-  
ner in which articles are displayed in  
the store readily appeals to one and  
the atmosphere of cleanliness which  
prevails is refreshing.

It seems that one of Crescent's prominent citizens must have been mixing his drinks during our recent Carnival and Circus week as he took in the Circus supposing it to be the Carnival. We did not think Geo. would imbibe so freely of Joy water.

A return game of National sport was played at Hat Rapids Sunday and the way the "Hardy Ables" put it over the "Never Sweats" was a caution. They went there with blood in their eyes resolved to come out victorious or break every bat in the field; the score was 13 to 7.

Miss Irene Bayless of Bessemer is visiting at the home of Mrs. John Hess, in the Town of Pelican.

After making a social call at the home of Mr. Otto Landberg and while upon their return home in the evening, Miss Grace McLaughlin, Hannah Goldberg and Mrs. Grace Anderson, with their escorts, were met, rather unexpectedly, near a deserted house, by a couple of light colored visions and the way the "bunch" hiked down the pike was a caution. Miss McLaughlin seemed to be the fleetest sprinter in the entire bunch.

#### ROBBINS

One of Ross Sweet's horses is laid up with a sprained and caulked leg.

We are sorry we forgot to include Will Miller with the camping party on "Smoky Ridge." He was employed at clearing off tables. (During the meal).

Mrs. H. Jolin and daughter of Tigerton are visiting W. F. Nichols and family.

The guides of Sugar Camp Resort are all very busy taking care of the fishing and camping parties, several of the guests have been very successful in capturing nice strings of fish.

E. C. Sturdevant spent several days with his wife at "Green Gables." Lige is a good sport but a poor fisherman.

Nichols Bros., the painters have just completed the painting of "Hemlock Lodge." This greatly improves the appearance of the lodge.

Miss Anna Miller of Hemlock Lodge has been laid up with a bad cold.

We have just been informed that storekeeper Mike Steffonen's little son had a leg broke sometime ago by the ice boy falling on him. The little fellow was taken to Rhinelander for treatment.

The polar expedition is still camped on "Smoky Ridge." F. Gustman the guide trapped a skunk Monday night in the sleeping tent. We haven't learned yet when the feast will come off.

H. A. Jones transacted business in Rhinelander Saturday.

Miss Emma Jones has returned to her home in Mattoon.

Mrs. Ike Richardson and brother, Sam Kesow are visiting in Michigan. There will be a dance in the bower Sunday evening.

### ROAR OF BIG GUNS.

The Effect Upon the Nerves and the Sense of Hearing.

One of the penalties attendant on firing off big guns is deafness. So sure is this penalty to be exacted that it is asserted, no man can go through a long series of gunnery practice without having his hearing affected. A stranger on deck who hears a big gun speak for the first time will not soon forget the stunning report.

One gun is enough to startle a stranger, but the shattering effect of the whole armament when in action together can hardly be conceived. The strain upon nerves and senses when the rending concussion takes place is terrible.

There is not a great difference between the effect of the big guns and that of the smaller pieces, strange as it may seem. If the visitor places himself beside one of the smaller guns and then listens to the roar of the big one, the sound will not appear much louder than that of the gun by his side. The extra distance to the muzzle of the big piece discounts the sound. The only apparent difference between the two will be that the smaller piece has a sharper, higher pitched tone, and that the big guns speak with a more bellowing roar.

If one watches the firing of the gun the crash has not such a startling effect as when it comes unexpectedly.

Loud as it is, nature has prepared the watcher to resist the shock which he knows is impending.—Exchange.

#### ROMAN ARENAS.

They Were Not mere Rings as Those of the Modern Circus.

The arenas of ancient Rome were not, as some people suppose, mere rings or ovals, such as may be seen in the modern circus. They were broken up and varied in character according to the nature of the fighting to be done or to the caprices of those in authority.

On one occasion an arena might resemble the Numidian desert, on another the garden of Hesperides, thick set with groves of trees and rising mounds, while again it pictured the great rocks and caves of Thrace.

With these surroundings the combatants advanced, retreated, encircled their adversaries or kept wild beasts at bay as occasion offered or as their courage or fear suggested. Men combated not only with the more common brutes, but with such monsters as elephants, rhinoceroses, hippopotamuses and crocodiles.

On other occasions flocks of game, such as deer and war ostriches, were abandoned to the multitude, and in some cases the arenas could be turned into lakes, filled with monsters of the deep, and upon the surface of which naval engagements took place.—London Saturday Review.

#### Hints to Swimmers.

An expert swimmer is authority for the assertion that a vast majority of the drowning casualties which are attributed to cramps are in all probability the result of cardiac exhaustion. Nearly all experienced swimmers, he says, know that cramps when in the water are of comparatively infrequent occurrence.

It is commonly in the calf of the leg, and the swimmer by lying quietly upon his back without undue alarm and stretching out the leg may overcome this somewhat painful involuntary muscular contraction. The exertion of swimming, however, is fully equal to the exertion of running, with the additional tax upon the system of a gradual lowering of the bodily temperature.

It is one thing to know how to swim and quite another to be in a physical condition to do the swimming.

#### The Most Important Thing.

Commander Peary, at one of the numerous Washington dinners following his triumphant return from the pole, got the better of a senator in a war of wits.

"What is the good of your discovery?" the senator said. "I'll wager you didn't find a single important thing at the north pole."
